

Reinforced Aluminium Insulation Tape

RAI TAPE

Dimensions

| Code | Width mm | Length m |
|------|----------|----------|
| TAPE | 50 | 50 |
| TAPE | 75 | 50 |
| TAPE | 100 | 50 |

Description

Single sided self-adhesive aluminium tape reinforced with 5×5 mm carbon fibre net, laminated with polyethylene. Higher mechanical durability as compared to plain tape. Widely used in technical assemblies.

Material

Aluminium, reinforced.

Colour

Shiny silver.

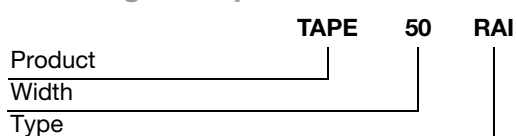

Temperature range

-25–70 °C.

Total thickness

0,15 mm.
