

Grille Nordic version

MFAN

Description

The MFAN mounting frame used for supply and extract aluminium grilles is a strong frame on which the visible grille frame can be held in place by fixing clips. Having installed the grille, the MFAN mounting frame will not be visible. The MFAN mounting frame facilitates the frequent need to remove the grille for cleaning, inspection or filter changing. Giving easy access to the inner parts and duct without the use of screws or tools.

When using the MFAN mounting frame the cut-out dimensions are (L x H).

Maintenance

Remove the grille to gain access to the inner parts or duct. Internal and external parts should be wiped with a damp cloth.

Order code - Nordic version

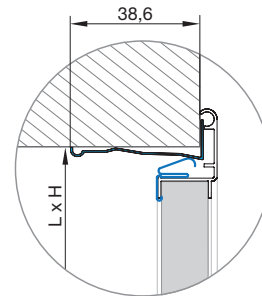

Product	MFAN	ccc x ddd
Type		
MFAN		
Size		
L: 100 - 1500		
H: 75 - 1500
