

Grille Nordic version

DGAN

Description

The opposed blade damper DGAN can be fitted to the AD, AE, AL, AR and AC aluminium grilles. The opposed blade damper is held in place by clips, for fixing the damper to the grille. The DGAN dampers are made entirely of galvanized steel and have mechanism for opening and closing all the damper blades simultaneously (by using a screwdriver). DGAN is provided with spring wire to prevent the blades from clattering.

Maintenance

Remove the grille to gain access to the opposed blade damper or duct. External parts should be wiped with a damp cloth.

Materials and finish

Opposed blade damper: Galvanized steel

Order code - Nordic version

Product	DGAN	ccc x ddd
Type	DGAN	
Size	L: 100 - 2000 mm H: 75 - 1200 mm	
For details, see min. - max. dimension table		

Example: DGAN -400 - 150

Min. - max. dimensions

H \ L	100 ↔ 600 ↔ 800 ↔ 1000 ↔ 1200 ↔ 1600 ↔ 2000
75	Single piece
↕	Multiple pieces
400	1000 x 400
500	800 x 500
600	600 x 600
↕	1200 x 600
800	1000 x 800
↕	1600 x 500
